

*Cedar Lake Owners Association*

Attention CLOA Members:

Your access to the CLOA Boat Launch has changed. The combination lock that has been on the gate for many years with the “2-0-1-0” combination will be replaced with a keyed lock on April 1, 2020. **A key will now be required to access the launch.**

We have made this change because the combination of the lock has become common knowledge and unauthorized persons have accessed the property and have launched boats on the lake. The CLOA Board has determined that the use of a keyed lock will prevent this from happening in the future. The lock will be changed every year and new keys will be issued every year.

Members will be issued their key when the following conditions are met:

- Annual Dues are paid
- CLOA receives documentation that your powerboat registration is current (2020)
- CLOA received documentation that your powerboat insurance coverage is up to date, as required by the CLOA bylaws
- A Safe Boating Certificate of the main operator of the boat must be on file with CLOA
- Powerboats must meet the requirements/limitations set by the CLOA bylaws

You will receive your key and stickers by mail once the above conditions are met.

If you have any questions regarding the change or are having problems opening the gate with your key, please contact either Mike Guerrero at (203) 206-6046 or Pete Ferrigno at (860) 539-2089. If you have submitted your documentation and need immediate access, contact Mike Guerrero to get your key and sticker(s).
