In order to be eligible for membership, a person or legal entity must be the owner of real property (not the building, but the actual land) abutting the waters of Cedar Lake; or an owner of real property existing on Tracy Court or Donovan Court which was eligible for membership as of July 1, 1986; or an owner of real property located within the boundaries described below that has, as of July 1, 1986, a deeded right-of-way across land abutting the waters of Cedar Lake:

North: Waterfront property on the lake side of Ipswitch Road;

East: Waterfront property on the lake side of Route 69 and Old Wolcott Road;

South: Waterfront property on the lake side of Averyll Avenue and waterfront property on the lake side of North Street to Edgewater Drive. Waterfront property on the lake side of Edgewater Drive and waterfront properties having direct lake access on Cedar Point Road, to the junction of Cedar Point Road and Spindle Hill Road; and

West: Waterfront property on the lake side of Spindle Hill Road and Witches Rock Road, and Witches Rock Road to the intersection of Witches Rock Road and Merrill Court, and all waterfront lots from the north end of Merrill Court to Ipswitch Road.

Any waterfront property subdivided after July 1, 1988 must have at least one hundred (100') feet of lake frontage to be eligible for membership. It is the purpose and intent of this Article that any such lot must have frontage on and direct access to the main body of Cedar Lake and not be separated from such main body by a bridge, road, land, or anything else which would prevent such direct access.

All properties eligible for membership are shown on a map entitled: " PROPERTY OF THE MAD RIVER COMPANY LOCATED AT CEDAR LAKE BRISTOL/WOLCOTT, CT., Date 4/9/86, Scale 1" = 200', Conklin & Soroka, Inc.".

If a person is eligible for membership based upon the above criteria, he/she may become a member through the purchase of one (1) certificate of membership of the Association. An owner may appoint his or her spouse, his or her mother or father, or his or her son or daughter of legal age to represent him or her for the purpose of voting at the Annual/Special Meeting.

No new member or entity may consist of a corporation or limited liability company of more than four (4) shareholders or members, or a partnership of four (4) partners or more. No member may use his/her/its property as a timeshare development, as a Short-Term Rental (Short-Term Rental shall mean the rental of a member's property for a period of 29 day or less), or for any other purpose that is commercial in nature, or open to the public, or which is not residential in nature. Non-compliance with this provision may subject the member to suspension or termination of the member's membership interest in the Association, at the Board's discretion. Any legal fees or court costs incurred by the Association in the enforcement of this provision will be the responsibility of the member.

The member hereby agrees to save and hold the Association harmless and to indemnify the Association from any and all loss, cost, and expense, including but not limited to reasonable attorney's fees, arising from the use of their power boat, non-powered, and manually powered watercraft whether by themselves, their families, guests, and/or invitees.

Members must pay all dues, assessments, fines and/or penalties voted and assessed by the Board of Directors of the Association. Failure to pay any such dues, assessments, fines and/or penalties shall, at the option of the Board of Directors and after the giving of reasonable notice and opportunity for a hearing to the member, be grounds for suspension and/or termination of any and all membership rights and privileges provided herein. The Association shall have the right to record a notice on the appropriate municipal land records of any such suspension and/or termination of membership rights and privileges.

Should a member withdraw from the Association or have their membership terminated or suspended pursuant to terms of these By-laws, all rights and privileges of membership shall cease. After a member's withdrawal from the Association, or after termination of a member's membership in the Association, the member shall forfeit all monetary interest in the membership and the owner's property will revert back to a non-member status subject to a buy-in by a new party at the current buy-in cost. The Association shall have the right to record a notice on the appropriate municipal land records of such cessation of membership rights and privileges.

Article IV ***Certificates of Membership***

Those persons eligible for membership in the Association may petition the Board of Directors for the purchase of one (1) certificate of membership for each eligible property lot within the boundaries specified in Article III.

Certificates of membership remain with and run with the land and are not transferable from one parcel of land to another parcel of land. Whenever a member sells or otherwise transfers his/her interest in the property used as a basis for his/her membership, the membership associated with that property shall be suspended until such time as a transfer fee, as established by the Board of Directors, is paid to the Association. No payment of a transfer fee shall be required when the property is sold or transferred to the spouse, father, mother, son or daughter of the member.

The purchase price for a single certificate of membership through January 1, 2024, shall be Seventeen Thousand Five and 00/100 (\$17,005.00) Dollars; the purchase price shall increase each month thereafter by a pro rata share of the annual dues and other assessments of the Association adopted pursuant to Article XIII of these By-Laws.

Each certificate of membership entitles the owner to one (1) vote on issues discussed at the Annual and Special Meetings of the Association, and to all the rights, duties, benefits, privileges and obligations of membership in the Association.

Each member of the Association agrees to be bound by the terms of the By-Laws and the rules and regulations of the Association, as the same exist and as they may be amended from time to time.

Eligible parties who purchase certificates of membership are entitled to record a certificate of membership on the appropriate municipal land record for the property used as the basis of eligibility for membership in the Association.

Members in good standing in the Association who maintain their membership annually shall enjoy the following privileges:

Swimming

Members, their families and guests may swim in the waters of the Cedar Lake. Swimming more than seventy-five (75') feet from shore is prohibited unless accompanied by a manned watercraft. All swimmers shall swim AT THEIR OWN RISK and children must be supervised at all times. Swimmers using floatation devices are subject to the above rules. The Association does not provide lifeguards and does not supervise swimming.

Water Activities

Water activities, including but not limited to waterskiing, wake boarding, knee boarding,

tubing and any other use of items meant to be towed behind watercraft for recreational purposes, may be done by members, their families and guests AT THEIR OWN RISK and subject to all applicable State of Connecticut boating statutes and regulations and all Association rules and regulations.

The following activities/actions are specifically prohibited: 1) wake surfing; 2) the use of and/or discharge of ballast tanks; and 3) the use of ballast tanks, weight-loading, hydrofoils, wake shapers or any other device and/or operating a boat in such a manner as to intentionally and/or artificially enhance or increase the size of the boat's wake.

To minimize damage to the lake shore and lake bottom, all rope-towed water activities must adhere to the following restrictions: 1) The person(s) being towed must be towed by a rope at all times; 2) Towing speeds must be 15 mph or more to minimize wake size and reduce propulsion wash angle; 3) Wake boards must not exceed 60" in length; and 4) Except when instructing beginners, the tow rope must be of a length that places the person(s) being towed a minimum of 45' behind the towboat.

Violation of any of the two By-Law paragraphs immediately above will result in a minimum fine of \$250 for the first offence and minimum fine of \$500 for the second and all other offences. The Board of Directors in its sole discretion may, after notice and hearing, impose additional fines and/or sanctions, including but not limited to suspension and/or termination of the offender's CLOA membership, for any such violation.

2. The boat owner and all operators must abide by and operate all boats in accordance with all applicable State of Connecticut boating statutes and regulations and all Association rules and regulations.
3. All boats shall be operated in such manner, including but not limited to minimizing their wake, so as to avoid property damage and/or unreasonable interference with other members' use and enjoyment of Cedar Lake.

4. 5. Each written proof of insurance submitted must identify the boat owner, the make and model and hull identification number or registration number of the boat. Failure to provide proof of liability insurance and/or State of Connecticut registration prior to launching of a powerboat of each year shall be a violation of these By-Laws and will subject the member to a fine of not less than Fifty and 00/100 (\$50.00) Dollars per month per boat.
6. Each powerboat must display a current annual Association sticker on the starboard/right side of the boat at all times. Failure to display an Association background and/or annual sticker shall be a violation of these By-Laws and will subject the member to a fine of not less than Fifty and 00/100 (\$50.00) Dollars per month per boat.
7. Each boat must display a current State of Connecticut registration at all times as required by State of Connecticut boating statutes and regulations, or the registration of the State in which the boat is registered, and a current Association registration, unless such boat is exempt pursuant to the terms hereof.
8. The length of allowable boats may be limited at the discretion of the Board of Directors. The Board of Directors must approve any pontoon boat over twenty-five (25') feet in length and other powerboats over twenty-two (22') feet in length. The length of the boat is defined as that stated in the manufacturer's specifications. No boat shall wider than ten (10) feet.

If over twenty-five (25) horsepower, the boat owner must provide written proof of current State of Connecticut registration and written proof of insurance with a minimum liability coverage of Three Hundred Thousand and 00/100 (\$300,000.00) Dollars, before an annual Association boating sticker will be issued for that powerboat. If twenty-five (25) horsepower or under, the boat owner must provide written proof of current State of Connecticut registration and written proof of insurance with a minimum liability coverage of One Hundred Thousand and 00/100 (\$100,000.00) Dollars, before an annual Association boating sticker will be issued for that powerboat.
- b. One (1) powered boat, which may be either:

- i. A pontoon boat, with horsepower adequate to power it. If over twenty-five (25) horsepower, the boat owner must provide written proof of current State of Connecticut registration and written proof of insurance with a minimum liability coverage of Three Hundred Thousand and 00/100 (\$300,000.00) Dollars, before an annual Association boating sticker will be issued for that pontoon boat. If twenty-five (25) horsepower or under, the boat owner must provide written proof of current State of Connecticut registration and written proof of insurance with a minimum liability coverage of One Hundred Thousand and 00/100 (\$100,000.00) Dollars, before an annual Association boating sticker will be issued for that pontoon boat.

Non-powered / Manually-Powered Watercraft

Each member is allowed the use AT HIS/HER OWN RISK of non-powered watercraft (including but not limited to canoes, rowboats, sailboats, kayaks pedal-powered boats, etc.), limited to five (5) in total per member, on the waters of Cedar Lake, upon the application and receipt of an Association sticker for each such non-powered/manually-powered watercraft. Paddleboards shall not be included in the above limit. The boat owner shall provide written proof of insurance for each such watercraft with a minimum homeowner liability coverage of One Hundred Thousand and 00/100 (\$100,000.00) Dollars. In the event of a dispute as to what constitutes any of the above referenced non-conventional watercraft, the decision of the Board of Directors shall be binding.

Wake or Wakeboard Boats

Wake or Wakeboard Boats that are specifically designed for wakeboarding, which employ mechanical systems that redirect water flow in order for the boat to create a large, shaped wave for wakeboarding or wake-surfing or other related activities are prohibited from use on Cedar Lake. Objectionable issues resulting from such boats include property damage, lakefront erosion, and lakebed destruction. Wakeboard boats are specifically designed for minimum depths of fourteen (14') feet; Cedar Lake is generally eight (8') feet to a maximum of twelve (12') feet.

From the date of adoption hereof, no new Wake or Wakeboard Boats, as described above, shall be allowed on the waters of Cedar Lake, other than those already owned and registered by members; members currently owning Wake or Wakeboard Boats shall not be allowed to replace them nor transfer them to other members for use on the waters of Cedar Lake.

The Board of Directors shall have discretion to prohibit the operation on the waters of Cedar Lake of any boat which it deems inappropriate for usage on Cedar Lake.

Launching of Boats

Non-member-owned watercraft of any type shall not be allowed on the waters of Cedar Lake.

Any powered boat, once launched on Cedar Lake for the season, must remain on Cedar Lake. If removed from the lake and the owner's property, said boat is prohibited from being reintroduced onto Cedar Lake for the remainder of that season, to limit the chance that invasive plants are introduced to Cedar Lake, absent full compliance with the "Clean, Drain & Dry" protocols as specified below.

If the boat needs to be removed for repair, proof of said repair and of full compliance with the State of Connecticut DEEP "Clean, Drain & Dry" protocols must be provided to the Board of Directors that is satisfactory to the Board of Directors in its sole discretion before said boat may be relaunched onto Cedar Lake.

If the boat is removed for any non-repair purposes and/or use on another body of water, proof of full compliance with the State of Connecticut DEEP "Clean, Drain & Dry" protocols must be provided to the Board of Directors that is satisfactory to the Board of Directors in its sole discretion before said boat may be relaunched onto Cedar Lake.

No snowmobiles or other power-driven machines (except as set forth for powerboats, boats and ATV's above) shall be allowed on Cedar Lake.
